SUB : Review on Software Application

Dear Mr.Amit Kumar,

This letter is to certify that We, Safocodes Technologies based in Kannur, Kerala have been coordinating with Mr.Aaksh Sinha, Leader of a students' group from NIIT University (team members are mentioned below the message), to create software for a custom social e-commerce application. We reviewed the aesthetical elements and functionality of the application so far created and found the development was moving in right direction and they did a very good job so far as per the requirements that we put and revised in different stages. To summarize our review, we would highlight the below points

- We had regular conversations with them on each stage of development of the application
- There is good progress in the development that ensures the team are capable of doing custom application development
- We are fully satisfied about their commitment, communication and dedication towards the project.

We really appreciate Mr.Aakash Sinha and his team for having taken this project as a challenge and put sincere commitments to get it done in the way it was supposed to be done.

Team Members
1. Aakash Sinha
2. Karanjit Singh Gill
3. Gaurav Bothra
4. Kartik Bhadada
5. Ajeya Kapoor

Yours sincerely,
Muhammad Ameen
Managing Director, Safcodes.
